

Phil is a man of action, especially when it comes to his health.

Take action and use this quick guide to ask
your doctor if BREZTRI® AEROSPHERE®
could be an option for you.

Your doctor can share detailed information about this medication and answer any questions you may have. Together, you and your doctor can decide if BREZTRI AEROSPHERE is right for you.

Ready to take action? Here are some questions you can bring to your next appointment to start the conversation with your doctor:

Questions to ask my doctor:

- What is BREZTRI AEROSPHERE and how does it work?
- Is BREZTRI AEROSPHERE right for me?
- How is BREZTRI AEROSPHERE different from other treatment options?

Questions my doctor may ask me:

- Are you currently experiencing any symptoms?
 - If yes, have your symptoms been getting better, worse, or staying the same? Have you experienced any new symptoms?
 - Have you recently been prescribed anything new for your symptoms?
- Have your symptoms been affecting your day-to-day life? Are there any activities you are no longer able to do?
- What other medications are you taking?
- Have you had any recent hospital visits or stays?
